

I play AIR 1 Radio at home 24 hours a day, literally. I receive it on FM 90.1, which comes out of Cincinnati, Ohio. The programming is extremely uplifting and positive, and I believe it helps bring a good atmosphere to our home and our community. Even to every community where it is heard! Young people today NEED positive influences like this. They are the future of our society. I STRONGLY believe it is in the public interest to continue to allow this network to broadcast over FM translator service. I am requesting that the FCC DO NOT expand LPFM in such a way as to exclude AIR 1 from being able to come to this or any other community!!!! I appreciate AIR 1's format, the music, and the fact that there is practically ALL music, and no "talk shows". There are enough other stations for those who like that type of programming to listen to!
